

TO WHOM IT MAY CONCERN

We, S.C. Volksbank Romania S.A. declare the following:

Due to the experience of SC ELECTRO DATA SERVICE GROUP SRL in designing, implementing and maintaining electrical installations (low and weak currents applications) for major Companies in Romania, we have chosen them to be one of our main collaborators in this important infrastructure domain.

Since 2011, SC ELECTRO DATA SERVICE GROUP SRL has delivered for us electrical designs, low currents designs, has executed electrical infrastructure projects and is one of our current maintenance companies for major Volksbank Romania branch network. On every occasion, SC ELECTRO DATA SERVICE GROUP SRL showed a high level of professionalism and we are very pleased with the results. All quality standards were met and they succeeded in delivering the proposed deadlines.

We warmly recommend ELECTRO DATA SERVICE GROUP's services to any company looking for a good balance of quality and price.
